Bring the outside in with this sustainable managed wood frame wrapped in creatively repurposed Natural Cotton

Creating a Zen space is about grounding your soul and connecting with the earth. This harmony with nature, declutters the mind and lets inspiration in. A calming and invigorating haven invites you to unwind, dream and discover.

THESE 3 TIPS WILL HELP YOU DESIGN FOR A POSITIVE STATE OF MIND

- ① BRING THE OUTSIDE IN! Print and frame images from nature like leaves, stones, wood, water or sky.
- ② Choose frames made from RUSTIC, RAW MATERIALS for a grounded earthy feel or create a clean contemporary space with WARM MAPLE TONES.
- ③ Hang your images in a SIMPLE FORMATION. A grid layout creates balance and a single, large framed photo or work of art creates a minimalist focal point.
